

FRANCOPHONE IMMIGRANT WOMEN IN ONTARIO

WELCOME BOOKLET

ALLIANCE DES FEMMES DE LA
FRANCOPHONIE CANADIENNE

MESSAGE FROM THE PRESIDENT AND EXECUTIVE DIRECTOR

Dear readers,

Francophone immigrant women make an invaluable contribution to the vitality and diversity of Canada's Francophone and Acadian minority communities. Their resilience and commitment, whether to their families or to society, enrich our social fabric and strengthen Francophone identity across the country. Yet their path to integration can be marked by specific obstacles, including challenges related to language, access to appropriate services and adaptation to new cultural realities.

This booklet, designed to support these women in their integration, is also intended to extend its usefulness. Presented here in English, it aims to equip English-speaking immigration service providers to effectively refer their French-speaking clients to French-language resources and services essential to their integration into Francophone communities.

This document is the result of in-depth consultations with French-speaking immigrant women, and has been designed to respond concretely to their needs. It contains key information on services offered, resources available and opportunities for community involvement in a Francophone context. Adapted versions for other regions such as Manitoba, Yukon and British Columbia have also been developed to reflect local particularities

We would like to express our deepest gratitude to the partners who contributed to this project, notably the **Mouvement ontarien des femmes immigrantes francophones (MOFIF)**, **Leadership féminin Prescott-Russell (LFPR)** and the **Union Culturelle des franco-ontariennes (UCFO)**. Thanks to their expertise and collaboration, this booklet is a valuable tool for strengthening inclusion and promoting access to adapted services,

We hope this guide will be a useful resource, both for French-speaking immigrant women and for the professionals who support them in their integration. Together, let's make this welcoming experience a success and a springboard to successful integration.

With all our admiration and best wishes for a successful intégration,

Happy reading,

NOUR ENAYEH,
Presidente

THE PROVINCE OF ONTARIO

Ontario is the country's southernmost province. It is Canada's second-largest province after Quebec. It is home to the country's capital, Ottawa, as well as Canada's largest city, Toronto, which is the provincial capital.

Ontario borders the province of Manitoba to the west, Hudson and James Bays to the north, and Quebec to the east and northeast. It also shares a long border with the United States, stretching 2,700 km along inland waterways.

The province of Ontario has a French Language Services Act, under which you can obtain services in French from all provincial government ministries. To obtain services or information in French, simply go to a government office located in or near an area where Francophones make up at least 10% of the population, or in a city with at least 5,000 Francophone residents. These areas and cities are called designated regions, and there are 26 of them across the province.

LIST OF REGIONS

According to the Canadian 2021 census, it is the most populous province in Canada: home to 14 million inhabitants, that is 38.45% of the country's total population.

In 2021, 594,735 residents of this province (4.2% of the population) spoke French at home at least on a regular basis.
